CLARINDA

Community School District

423 East Nodaway • P.O. Box 59 Clarinda, Iowa 51632

Superintendent or Director of Special Education Red Oak Community School District 904 Broad Street Red Oak, IA 51566

Dear Special Education Director,

The student(s) listed below has entered or been served at the Clarinda Academy and is listed as a student receiving special education services at the Clarinda Academy. The Clarinda Academy is a residential facility for adjudicated youth. The Academy provides both general and special education services for attending students. Upon receipt of records, it was determined that the student(s) was receiving special education services with a current Individual Education Plan or a staffing was held where special education services were determined necessary. Districts will be notified of the students' staffings and when IEPs are issued.

Enclosed please find special education contracts for your resident student(s). As noted in the contracts, the Clarinda Community School District will bill your district (or AEA) on a semester basis. The first semester billing is an estimate using the current Clarinda Schools per pupil cost. A second billing at the end of the fiscal year will be based upon actual expenditures less any payments previously received. Please sign both copies, retain one copy, and return the other copy to me.

If any of the students listed below are not residents of your district or are not special education students, please contact Paul Honnold, Supt. or Cindy VanFosson, Business Manager at 712-542-5165 so that we may correct the student information.

If you have any questions, please let us know. We appreciate your cooperation in this manner.

Sincerely, Katharine Boysen Director of Special Programs e-mail: kboysen@clarinda.k12.ia.us

Item 6.2.1 Weekend Food Pack Program for Inman Primary School
- Presented by Mrs. Kandee Olson and Mrs. Sharon Foote

BACKGROUND INFORMATION: Please welcome this evening Mrs. Kandee Olson who will present a program offered by the Food Bank for the Heartland of Omaha. She is accompanied by Food Service Director Sharon Foote.

The Weekend Food Pack Program is funded by volunteers, donations, and the Food Bank for the Heartland. Mrs. Olson will explain more about the cost of the program.

From the Food Bank of the Heartland's website are these comments about the Weekend Food Pack Program:

The issue of childhood hunger across Nebraska and western Iowa is becoming more evident as Food Bank for the Heartland's Back Pack Program rapidly expands to new school districts. The Back Pack Program is designed to provide food for hungry children at times when other resources are not available, such as during weekends and school vacations.

Staff members at local elementary schools identify chronically hungry students and then Food Bank for the Heartland supplies bags filled with child-friendly, nonperishable food for those children to take home on Friday afternoons. Each bag provides two breakfast meals and two lunch or dinner meals. They are delivered to participating schools by dedicated Food Bank for the Heartland volunteers and staff members.

Our Back Pack Program launched in the fall of 2006 with just three schools participating, and today we are feeding nearly 3,000 children in 21 school districts across Nebraska and western Iowa. Nationally, there were more than 3,600 Back Pack Programs that provided much-needed food to over 190,000 children in 2009.

The program, if authorized by the Directors this evening will cost the school district nothing and could be expanded to additional grades with enough funding contributions.

SUGGESTED BOARD ACTION: The Directors should determine this evening if the Back Pack Program can be implemented at the Inman Primary School with the beginning of the second semester in January, 2011.

Item 6.2.2 State of Iowa Food Consortium Request for Approval

- Food Service Director Sharon Foote

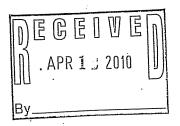

BACKGROUND INFORMATION: Several months ago the Directors visited with Food Service Director Sharon Foote about continued involvement in the State of Iowa Food Consortium for the 2010 – 2011 school year. This program has proven to be a cost efficient way for Red Oak to join many other organizations across the State to reap good discounts and substantial savings.

Enclosed is the formal agreement for the Directors' review. Food Service Director Sharon Foote is available this evening to answer any questions from the Directors.

SUGGESTED BOARD ACTION: It is recommended the Directors affirm the contract with the State of Iowa Food Consortium for the 2010 – 2011 school year.

Item 6.2.5 2011 – 2012 Modified Allowable Growth Application for Dropout Prevention

BACKGROUND INFORMATION: The annual application for modified allowable growth as it pertains to 'drop out prevention' is enclosed for your review. The importance of this application cannot be overestimated as it provides budgeted funding for school counselors, support personnel, special "interventionist programming" supplied by the Green Hills AEA and tutorial help for students. Since this modified allowable growth program is formula driven, the amount of dollars eligible for State approval is driven by the student count for the district.

As a result of declining enrollment the maximum amount of dollars allowed is smaller than the current year. Business Manager Shirley Maxwell will provide a short overview of the program and seek Director approval this evening.

At publication time, Administrators Jedd Sherman, Nate Perrien, and Terry Schmidt were still processing various narratives as required by the Department of Education. The complete application will be sent via electronic transmission over the weekend and will be hard copied for the board table.

Item 6.2.6 Board Policy Review: Code No. 407.6

- Licensed Employee Early Retirement

BACKGROUND INFORMATION: Annually the Directors make a review of the current policy re: Early Retirement. Enclosed is the current policy for your review.

Each year the Directors review the statement:

A. The number of applications for the Early Retirement Plan will be limited to no more than five (5) for a given fiscal year.

In the last contract year, 13 licensed staff chose the early retirement route which had a dramatic effect on the Management Levy of the school district's budget. Current projections for early retirees are far less than the amount of last year — meaning of course, there would NOT be the same requirement in the management fund levy. Business Manager Shirley Maxwell will provide some basic information using hypothetical information. Terry currently has three formal requests and expects maybe three or four more — maybe less.

The district does need to continue to adjust expenditures to be in line with the loss of enrollment. Terry would suggest relaxing the number of potential early retirees for this coming year. It is much easier to accept an early retirement incentive than it is to go through the formal reduction process – this may be necessary anyhow.

Board discussion is needed and requested.

SUGGESTED BOARD ACTION: (to be determined)

LICENSED EMPLOYEE RETIREMENT

Licensed employees who will complete their current contract with the board may apply for retirement. No licensed employee will be required to retire at a specific age.

Application for retirement will be considered made when the licensed employee states in writing to the superintendent, no later than the date set by the board for the return of the employee's contract to the board, the intent of the employee to retire. The letter must state the employee's desire to retire and be witnessed by another party other than the principal or the superintendent. Applications made after the date set by the board for the return of the employee's contract to the board may be considered by the board if special circumstances exist. It is within the discretion of the board to determine whether special circumstances exist.

Board action to approve a licensed employee's application for retirement is final and such action constitutes nonrenewal of the employee's contract for the next school year.

Licensed employees who retire under this policy may qualify for retirement benefits through the Iowa Public Employees Retirement System.

The Early Retirement Plan equal to that offered in board policy 407.6 for early retirement will be available to employees that retire at or after sixty-five (65) years of age. Licensed employees and their spouse and dependents are allowed to continue coverage in the school district's group health insurance program at their own expense by meeting the requirements of the insurer.

LICENSED EMPLOYEE EARLY RETIREMENT

I. Eligibility for Early Retirement Plan

The school district offers an Early Retirement Plan for full-time licensed employees. Full-time licensed employees are licensed employees who are eligible for full insurance coverage under the requirements of the insurer and who are currently performing their assigned duties within the school district. A licensed employee is eligible to participate in the Early Retirement Plan under the following terms:

- A. The number of applications for the Early Retirement Plan will be limited to no more than five (5) for a given fiscal year, unless the Board chooses to allow more than five (5).
- B. The Early Retirement Plan will be available to a licensed employee who is fifty-five (55) years of age on or before June 30 of the year in which the licensed employee wishes to retire.
- C. The Early Retirement Plan will be available to those who have completed their most recent ten (10) consecutive years of service in the Red Oak Community School District.
- D. The employee shall submit an application for the plan on or before January 15 of the current school year, at the Board's discretion.
- E. The employee shall submit a written resignation resigning from the existing contract. The resignation may be contingent upon approval by the board of participation in the voluntary early retirement program.
- F. All applications for the Early Retirement Plan will be considered not later than the second regular Board meeting in January, and if more than the designated number allowed in Section A are received, the highest priority will be given to the teachers with the longest continuous teaching service in the District.
- G. An employee who meets the criteria in item "B", but who has not completed a minimum of ten (10) consecutive years of service to the school district may apply for a prorated early retirement amount. Approval of such application by the board will be based on the best interests of the school district, and if a prorated amount is approved, the amount will be based on completed consecutive years of service at the time of the application for the Early Retirement Plan.
- H. The application for the Early Retirement Plan and the resignation must be approved by the board, which will authorize disbursement of the early retirement amount.

Approved Nov. 25, 1996 Reviewed Nov. 10, 1997; Nov. 23, 1998; Nov. 22, 1999; March 26, 2001; Nov. 17, 2009.

Revised Nov. 24, 1997; Oct. 24, 2000; April 9, 2001; March 22, 2004; November 21, 2005; April 24, 2006; Nov. 17, 2009.

LICENSED EMPLOYEE EARLY RETIREMENT

- I. Approval by the board of the licensed employee's early retirement application shall constitute a voluntary resignation. Approval by the board of the licensed employee's early retirement application will also make the licensed employee eligible for disbursement of the early retirement amount on January 20 of the school year following the licensed employee's approval for early retirement. Failure of the board to approve the licensed employee's early retirement application will make the licensed employee's current contract with the board continue in full force and effect.
- II. Voluntary Early Retirement Amount and Terms:
 - A. An employee who meets one of the eligibility requirements will be eligible for the early retirement amount of \$15,000, plus an amount equal to 25% of the employee's accumulated sick leave times the current daily substitute teacher pay rate. An employee whose contractual full-time equivalency (FTE) is less than 1.00 will be eligible for a prorated early retirement amount by multiplying the employee's FTE by the applicable amount above.
 - B. Upon retirement, the licensed employee is eligible to continue participation in the school district's group insurance plan at the licensed employee's expense by meeting the requirements of the insurer. The employee/retiree must pay the monthly premium amount in full to the board secretary prior to the due date of the school district's premium payment to the insurance carrier.

This insurance coverage will cease when the licensed employee/retiree qualifies for Medicare coverage, secures other employment in which the employer provides insurance coverage, or dies. If dependent insurance coverage is carried, that coverage may continue at the dependent's expense beyond the employee's/retiree's qualification for Medicare coverage under COBRA provisions.

In the event of the death of the employee/retiree, the dependent of the employee/retiree may continue coverage in the school district's group health insurance program at his/her own expense under COBRA provisions, if the dependent was covered through the school district's group health insurance program prior to the death of the employee/retiree.

- C. An employee who elects to participate in this program will become a retired employee and will be entitled to all rights and privileges of such a retiree under applicable laws and policies of the school district.
- D. Beneficiary. In the event of the death of the employee prior to the early retirement amount being paid, payment will be as follows:
 - 1. Lump sum payment will be made to a designated beneficiary for the early retirement amount due to the employee on January 20 of the school year following the licensed employee's approval for early retirement.
 - 2. In the event no beneficiary is named, payment shall be made to the estate of the employee on January 20 following the licensed employee's approval for early retirement.

The board has complete discretion to offer or not to offer an Early Retirement Plan for licensed employees and will review this policy annually. The board may discontinue the school district's Early Retirement Plan at any time.

Item 6.2.7 Board Policy Review: Code No. 905.3 Smoke Free Environment

BACKGROUND INFORMATION: Shown below is the current policy in place for a 'smoke free environment' in the Red Oak Community School District.

Code No. 905.3 SMOKE-FREE ENVIRONMENT

School district facilities, including school vehicles, are off limits for smoking. This requirement extends to employees and visitors. This policy applies at all times, including school-sponsored and nonschool-sponsored events. Persons failing to abide by this request are required to extinguish their smoking material or leave the school district premises immediately. It is the responsibility of the administration to enforce this policy.

It has been suggested that the current board policy be amended to be more inclusive to address the issues of 'campus' for the school district or any 'campus' used for school district activities AND to be compliant with the 2008 legislation.

A sample policy has been sent to Director Warren Hayes and Director Elizabeth Dilley who review all policies and amendments before recommendations come before the Board.

This item will be reviewed tonight and then will return for the January 10 board meeting.

Frequently Asked Questions (FAQs) IOWA SMOKEFREE AIR ACT (lowa Code Chapter 142D)

1. Smoking is prohibited in public places which by definition includes public buildings and is also prohibited on the grounds of any public building. The law does not say anything about smoking on public rights-of-way. Can people smoke in their private car on a public street, or as they walk on a public sidewalk?

Smoking is not prohibited on the public sidewalk. It is unclear whether a school can, by local policy, prohibit smoking on the public sidewalks. Smoking is prohibited on all sidewalks that directly lead up to a school building. In addition, smoking is prohibited on school parking lots, and schools have no discretion to allow smoking on the parking lot by students, staff, or visitors. Smoking is allowed in private vehicles that are parked on the street.

- 2. Is any property owned by a school not covered by the law?

 No. All school grounds, parking lots, athletic fields, playgrounds, tennis courts, and other outdoor areas are included in the smoking ban. All buildings owned or leased by a school, including the bus barn, administrative building, and other structures not used for student instruction, are included in the smoking ban.
- 3. How does the law apply to the construction of public improvements and the contractors who build them?

The construction site is a place of employment. If the construction site becomes an enclosed area (enclosed areas are defined as including floor, ceiling and solid walls), smoking will be prohibited.

Both schools and the contractors have responsibilities. The school's responsibilities stem from its role as a public entity as well as an employer. The contractor is an employer. Both the school and the contractor are responsible for complying with the Act.

- Does the smoking ban apply to private vehicles in School parking lots?
 Yes.
- 5. Is smoking banned from School vehicles, no matter where located? Yes.
- 6. Does the law apply to leased property?
 Yes, if the property is publicly owned or is leased by a public entity.
- 7. Does the ban only apply to smoking or does the ban include all tobacco products?

 The Act applies to tobacco smoke; it does not address rolling a cigarette or smokeless tobacco products. However, a local school board may pass a resolution to have a tobacco-free campus.
- Where are the No Smoking signs to be placed?
 Buildings, grounds: At each entrance.
 School vehicles (including all school buses): The sign must be "clear and conspicuous from the exterior of the vehicle."
- Where can schools obtain No Smoking signs?
 Signs can be downloaded free of charge from http://www.iowasmokefreeair.gov.

Window clings that comply with the size and content requirements can be ordered from the American Lung Association of Iowa at http://www.lungia.org/tobacco/sfsign.cfm.

More permanent signs can be ordered at a fee from lowa Prison Industries at http://www.iaprisonind.com/html/prodserv/signs/signs nosmoking.asp.

- What must a school do if a person on school grounds violates the law? The school must first inform the person that s/he is not allowed to smoke on school grounds (including in the person's own vehicle if it is parked in a school parking lot). The school must then request that the person cease smoking immediately. If the person refuses to quit smoking, the school may request that the person leave school grounds.
 If the person refuses to leave, the school is to notify local law enforcement.
- 11. What state agency governs this law?

 The lowa Department of Public Health, which has developed a web site to address various issues regarding the law: http://www.iowasmokefreeair.gov.
