This agreement is entered into by the Red Oak Community School District (sending agency) and the Clarinda Community School

District (receiving agency) for the 2010-2011 school year.

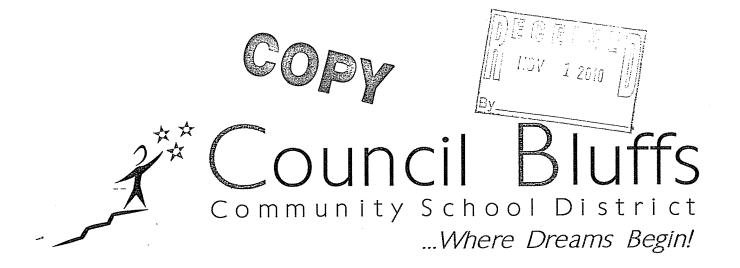

We, the undersigned agencies, for each student being provided educational services or programs by other than the student's agency of residence hereby do consent and agree to the following conditions:

The Clarinda Community School District shall provide instructional services and programs for the students referred for special education classes in accordance with the State of Iowa Department of Education Rules and Regulations and in accordance with state laws governing such services and the delivery thereof. The receiving agency shall retain the right to limit enrollment. The receiving district shall develop and/or implement an IEP in accordance with the rules of the lowa Department of Education and with an opportunity for input from the sending district, however the sending district remains responsible for insuring the student is receiving a free appropriate public education. A representative of Clarinda will also attend and participate in IEP meetings, but Clarinda shall not be responsible as the local education agency or area education agency in any dispute relating to the provision of special education and related services. If a student is excluded or expelled, the resident local education agency and not Clarinda will be responsible for any continuing programs or services.

The cost of the above services shall be paid by the undersigned sending agency and shall be the actual costs incurred in providing these services and programs. The district of residence agrees to pay the receiving district the actual cost of the program including salaries, benefits, supplies and materials, contracted services, capital outlay, debt service, indirect costs, administration, travel when applicable, plus other costs agreed upon.

- Estimated costs will be determined by multiplying the special education weighting appropriate for the program times the Clarinda Schools' current per pupil cost. The weighting for this student is 1.72 or Level 1. For students enrolling in programs for less than the full year, costs will be prorated.
- B. If a student is enrolled in the program for the entire first semester, the Clarinda School District will send a bill based upon one-half of the estimated annual cost for the student. The sending district will pay the estimated cost for the first one-half year before January 30.
- C. On or before June 15, the Clarinda District will bill the sending district for the actual cost of services less any payments previously made.
- D. This Contract is for the regular 180 day school year only. Students will be contracted separately if an extended year is agreed upon by both the sending district and the receiving district. This agreement is for the 2010-2011 school year.

This agreement is entered into by Red Oak Community School District (sending agency) and Council Bluffs Community School District for educational services at the Psychiatric Medical Institute for Children (PMIC) Program at Children's Square U.S.A.

We, the undersigned agencies, for each student being provided educational services or programs by other than the student's agency of residence hereby do consent and agree to the following conditions:

Condition I

A. The receiving agency shall provide instructional services and programs for the students referred for PMIC Program education classes in accordance with state laws governing such services and the delivery thereof.

Condition II

The cost of the above services shall be paid by the sending agency to the receiving agency and shall be at the per diem 1.0 rate of the sending district. Payment of those actual costs will be determined and paid in the following manner.

- A. The receiving agency shall provide the sending agency with a final statement of the actual cost of services and programs by the end of the student's term or by the end of the current school year. The cost shall be determined by multiplying the number of days enrolled at PMIC by the daily cost of the daily per diem.
- B. All statement/remittance are to be sent to:

INTER-AGENCY AGREEMENT FOR SPECIAL EDUCATION

This agreement is entered into Red Oak CSD and the Shenandoah CSD. We, the undersigned agencies, for each special education student being provided services or programs by other than the student's agency of residence, do hereby consent and agree to the following conditions.

Condition I

The special education program and related services shall be provided in accordance with the Federal and State laws governing such services (including the Individuals with Disabilities Education Act, Iowa Code Chapters 256B, 257 and 273 and Iowa Administrative Code Chapter 281-41) and in accordance with the student's individualized education program ("IEP"). At all times, the Resident LEA shall remain responsible for providing the student a free appropriate public education ("FAPE"), including special education and related services. The Receiving LEA shall develop and/or implement an IEP in accordance with the rules of the Iowa Department of Education and with an opportunity for input from the Resident LEA; however, the Resident LEA remains responsible for insuring the student is receiving a free appropriate public education and shall be the responsible party in an dispute relating to the provision of special education and related services. A designated representative of the Resident LEA shall be given notice and an opportunity to participate in IEP meetings regarding the student identified above and shall be given periodic progress reports as given to the parents of the student and at other times as requested by the Resident LEA. The Receiving LEA reserves the right to limit enrollment to those students for who appropriate programming and space is available in the Receiving LEA's programs, as determined by the Receiving LEA. The Receiving LEA reserves the right to enforce its discipline policy, attendance policy, and all other policies and procedures relating to student enrollment and conduct. If a student is excluded, the Resident LEA will be responsible for any continuing programs and services.

Condition II

The cost of the above services shall be paid by the undersigned sending agency and shall be actual costs incurred in providing these services and programs. The district of residency agrees to pay the receiving district the actual cost of the program. The receiving agency shall provide the sending agency with semiannual invoices for the actual costs of services and programs of the current school year. The first invoice will include an estimate of the costs. The final invoice will include the actual costs for the entire year minus previously paid amounts. Cost will be prorated to the days of service if the service is for less than one year.

Mr. Todd Greenwalt Transportation Director Item 6.2.1 Arts in the Schools Partnership with the Wilson Performing Arts

Center - A Proposal from Larry Brandstetter, President and Terry Schmidt

BACKGROUND INFORMATION: The Wilson Performing Arts Center is considering a proposal from an organization called Arts Midwest. Arts Midwest is one of six regional arts organizations in the United States, serving audiences, arts organizations, and artists throughout the primary region of Illinois, Indiana, Iowa, Michigan, Minnesota, North Dakota, Ohio, South Dakota, and Wisconsin.

A component of Arts Midwest is the *Arts Midwest World Fest*. This organization brings week-long artists' residencies to small, Midwest communities such as Red Oak.

The Wilson Performing Arts Center has been asked if it would like to host the next cycle of artists from such countries as China, Indonesia, Egypt, and Canada. The global music ensembles could include as few as 2 or 3 but could be as many as 10. For planning purposes an average group size of 7 is utilized.

The Wilson PAC is proposing that it partner with Red Oak CSD in the next cycle for the *Arts Midwest World Fest* that will be held in the 2011-2012 and 2012-2013 school years. According to the *Arts Midwest World Fest* website, the objectives in bringing this opportunity to Red Oak and Southwest Iowa would include:

- present high-caliber, accessible international artists to small or mid-sized Midwest communities;
- provide a multifaceted experience to community residents, particularly young people;
- integrate the artists and their music into a broader social, cultural, political, and historical framework;
- encourage young people to explore issues and understand concerns of diverse cultures; and
- create a lasting musical and cultural impact on participants.

Communities that are accepted to host the new cycle of international artists must agree to pay the lodging for each week of the residencies. The Wilson PAC is proposing that ROCSD partner with it and share the cost of lodging over the two year cycle.

Item 6.2.1 - continued

Funding for the bulk of the costs in 2009 - 2011 cycle came from the National Endowment for the Arts, 3M Foundation, The Hearst Foundations, MetLife Foundation, The Japan Foundation, Canadian Consulate General- Minneapolis, Quebec Delegation du Chicago, Friends of Israel Arts, and the Consulate General of Israel to the Midwest. Additional support is provided by the Ministry of Culture of the People's Republic of China and the Chinese Heritage Foundation Grants Fund of the Minneapolis Foundation.

It was also supported by member state arts agencies: Illinois Arts Council, Indiana Arts Commission, *Iowa Arts Council*, Michigan Council for Arts and Cultural Affairs, Minnesota State Arts Board, North Dakota Council on the Arts, Ohio Arts Council, South Dakota Arts Council, and Wisconsin Arts Board.

From the Red Oak CSD's perspective, an exploratory meeting was conducted with the fine arts music faculty where the proposal was introduced by Larry Brandstetter. Concept wise - the faculty has a strong interest in the proposed partnership. Faculty members do have concerns about funding. As expected no one can readily afford to have their current budgets reduced and very few instructors have time to lead fundraisers.

What would be the anticipated costs for Red Oak? The estimates shown below would assume no other Southwest Iowa school district would be involved and lodging would be accommodated in Red Oak and that each individual performer would be assigned a separate hotel room.

Example: If the four different international groups visit Red Oak over a two year period and if each artist group averaged seven (7) performers, the following calculation could be made:

4 groups x 7 performers x 6 nights = 168 nights of lodging

If the anticipated cost of lodging with tax is \$82.50 per night, the total would be \$13,860 for the two year cycle. Red Oak's share would be estimated at \$6,930. Since this would cover two budget years, the annual cost is estimated at \$3,465.

Budgeting for the next fiscal year will not get underway until January. Could \$3,465 be found in the current line item budget that is not committed? Most likely not. Could adjustments be made in future budgets to find \$3.00 per student to provide this type of learning resource? Most likely this could happen with cooperation from building principals and special gifts including some effort with local school/business partnerships, parent organizations, etc.

Item 6.2.1 - continued

Administratively this topic has been discussed and supported by a majority. Terry's biggest reluctance is making budget adjustments for the schools when spending cuts are likely as long as enrollment declines occur.

The district will always have needs that could take precedence over good partnerships such as the Wilson PAC. Although, the opportunity to bring this type of unique learning to the Red Oak Schools is exciting.

This evening Wilson PAC President Larry Brandstetter will provide brief comments to further explain the program and answer questions from the Directors.

Not much time exists to make a decision as the *Art Midwest World Fest* must have an answer from the Wilson PAC by the end of November. Even if the decision deadline could be extended, very little additional finance planning could occur for several months.

SUGGESTED BOARD ACTION: (to be determined)

Item 6.2.2 Schools in Need of Assistance (SINA) Action Plan Team Presentation – Staff

BACKGROUND INFORMATION: The Directors have received SINA Action Plan for the Academic Years 2010/2011 and 2011/2012. It is also enclosed with these study materials for the general public's review. Given the required plan requires numerous teaching strategy changes; access to remediation resources; additions/ changes in the professional development plans in Red Oak; and the infusion of federal dollars to target improvement programs at Washington and the Middle School, a thorough explanation is needed from the Directors this evening.

All members of the SINA Action Diagnosis / Design Team have been invited to this meeting to help explain the plan's components; to review profiles from staff surveys at each attendance center; and to address questions from the Board.

Design / Diagnosis Team Members:

Barb Sims, curriculum director; Buck Laughlin, principal; Carrie Johnson, AEA reading specialist; Gayle Allensworth, ROHS instructor; Harva Paul, AEA facilitator; Kristen Johnson, AEA math specialist; Lisa Sonntag, ROMS math instructor; Nathan Perrien, principal; Norma Fast, Inman reading instructor and Terry L. Schmidt, superintendent.

Note: AEA Regional Director Kerry Aistrope has agreed to participate in this evening's presentation. Other AEA staff may be in the audience willing to help/clarify plan components.

This evening's presentation will be given in segments:

Diagnosis Summary: Include information about why previous interventions were unsuccessful as well as learnings from other data.	Diagnosis indicated lack of vertical and horizontal alignment with curriculum and curricular materials. There has also been a lack of defined grade level expectations and definition of mastery. There has been data to indicate that certain interventions/initiatives were working, but the efforts were not sustained because there was lack of accountability in continuing efforts once professional development focus changed. Some practices were not embedded in daily instruction so were not continued. There have been disjointed professional development efforts K-8.

Considerations for DINA Diagnosis/Design Phases Based on the District Profile

Overall Strengths

- Teachers feel the administration is making efforts to address district concerns.
- Over 40% of K-8 teachers have reading endorsements.
- The district has committed time and resources to developing PLCs (Professional Learning Communities) which can provide a common framework for future school improvement efforts.

Considerations for Further Study

Curriculum:

- There is a lack of aligned curriculum K-8, including specific guidance for mastery of grade-level expectations, definition of mastery, and assessment of student mastery.
- There is not a consistent set of materials at each grade level to support instruction.

Instruction:

- There is not a systematic implementation of instructional strategies that have been part of professional development in the past.
- There is little evidence that teachers are implementing learning from professional development consistently and with fidelity.

Assessment:

 There is no system for teachers and administrators to readily access data that reflects individual student performance, grade-level performance, co-hort performance and sub-group performance on district assessments

Climate:

 There appears to be variation in teacher perceptions regarding building culture/climate.

Item 6.2.3 Red Oak Curriculum Council (ROCC) Update: Co-Chairs Barb Sims and Gayle Allensworth

BACKGROUND INFORMATION: The former Red Oak Iowa Core Curriculum Team in place for the past two years has evolved into a new group, with a new name, and a full slate of expectations. Board Vice-President Lee Fellers is a member of this group and speaks on behalf of the Directors.

This evening ROCC Co-Chairs Gayle Allensworth and Barb Sims are present to update the Directors about the working group; outline its purposes; share information about the ROCC membership; and provide a list of current projects/expectations.

Please allow a few minutes for this presentation.

ROCC Membership:

Barb Sims, Buck Laughlin, Gayle Allensworth, Jedd Sherman, Keith Hardy, Lee Fellers, Lisa Sonntag, Mark Haufle, Nathan Perrien, Norma Fast, Rebecca Sterbick, Tim Marsden

ROCC's Mission and Expectations:

The Red Oak Curriculum Council will:

- Be a representative group of educators including one member from the Board of Directors
- Be co-chaired by the Director of Curriculum & Instruction and one District Instructor appointed by the Superintendent of Schools
- Meet monthly and more often as needed when determined by the Director of Curriculum & Instruction
- Be compensated for extra hours worked at the rate of \$25 per hour for each nonadministrative council member
- Develop and manage all aspects of the Iowa Core Curriculum and Common Core Standards
- Appoint curriculum review teams as needed to manage the timely updates of curriculum content areas including teaching resource material and then review recommendations for district adoption
- Review any instructional program change or revision that could affect student learning and then provide recommendations as needed to the Board of Directors
- Monitor assessment programming in the school district and provide suggested professional development activities as needed to the Red Oak Teacher Quality Committee
- Review and assess the impact of any new technology acquisitions for the gauged effect on student learning and/or teacher instruction and provide recommendations to the Board of Directors as needed
- Report annually to the Red Oak School Improvement Advisory Committee

Areas of immediate concern for the ROCC:

- ⇒ Continuation of efforts to design, implement, and monitor all aspects of the Iowa Core Curriculum
- Appointment of a District Literacy Task Force to review current practice, achievement data needs, and needed initiatives to improve reading scores across all grades in the school district
- Review of the current human sexuality programming content and instructional strategies followed by recommended changes/adoptions to the Board of Directors

The Council has developed tools to assist in completing its work. These tools have not existed in the past and will provide a good, philosophical and theoretically sound guideline for making decisions about teaching and learning. They are enclosed for your review.

SUGGESTED BOARD ACTION: The Directors are encouraged this evening to review the information presented and consider formal adoption of the ROCC's mission and expectations.

<<<<<<< AGENDA >>>>>>>

- 1.0 Non-action Items none
- 2.0 Items from the Past for Consideration none
- 3.0 New Items for Discussion

(Members were directed to read 3.1 and 3.2 on their own while we wait for people to arrive.)

3.1 The Red Oak Curriculum Council (ROCC) - purposes and intent

It is important to have a structure that is the "clearing house" for all curriculum and instruction programs in the Red Oak Community School District. Years ago such an organization was in place for curriculum work. Today's council (formerly the lowa Core Curriculum Team) will encompass a broad sweep of initiatives in the school district that affect teaching and learning including but not limited to the lowa Core Curriculum, the Common Core Standards, district curriculum revisions, instructional program changes, learning resources adoption (textbooks & other), and assessment programming.

The Red Oak Curriculum Council will:

- Be a representative group of educators including one member from the Board of Directors
- Be co-chaired by the Director of Curriculum & Instruction and one District Instructor appointed by the Superintendent of Schools
- Meet monthly and more often as needed when determined by the Director of Curriculum & Instruction

- Be compensated for extra hours worked at the rate of \$25 per hour for each nonadministrative council member
- Develop and manage all aspects of the Iowa Core Curriculum and Common Core Standards
- Appoint curriculum review teams as needed to manage the timely updates of curriculum content areas including teaching resource material and then review recommendations for district adoption
- Review any instructional program change or revision that could affect student learning and then provide recommendations as needed to the Board of Directors
- Monitor assessment programming in the school district and provide suggested professional development activities as needed to the Red Oak Teacher Quality Committee
- Review and assess the impact of any new technology acquisitions for the gauged effect on student learning and/or teacher instruction and provide recommendations to the Board of Directors as needed
- Report annually to the Red Oak School Improvement Advisory Committee

Areas of immediate concern for the ROCC:

- ⇒ Continuation of efforts to design, implement, and monitor all aspects of the lowa Core Curriculum
- Appointment of a District Literacy Task Force to review current practice, achievement data needs, and needed initiatives to improve reading scores across all grades in the school district
- Review of the current human sexuality programming content and instructional strategies followed by recommended changes/adoptions to the Board of Directors
- 3.2 Board of Directors Adoption on October 12, 2010:

Vision

Excellence for All . . . Whatever It Takes!

Belief:

The Red Oak Community School District enables itself to provide the best opportunities for all students to academically, socially, and ethically prepare themselves for global citizenship.

(We asked if there were any questions. Gayle Allensworth was introduced as the cochair for this committee.)

- 3.3 State of the Schools in Need of Assistance Process Barb Sims and Gayle Allensworth Gayle and I both talked about the process we went through and the decision to implement many of the plans K-12. We talked about each of the following briefly from the plan: Letter to parents and services we have to offer, Sharing the news of the plan with all stakeholders, working with Assessment Solutions for data review, the need for faculty to learn to look at student data, the plan to create a district wide assessment plan, requirement of lesson plans and curriculum maps for proof of instruction and planning, use of a review tool to purchase materials, using think alouds in all classrooms, Concept based instruction and professional development, training for new teachers in what our district holds valuable (PLC, Concept Based Instruction, Think Alouds, etc.).
- 3.4 Tools for the ROCC's Use and Implementation Draft Proposals Barb Sims

Team members were given a copy of the protocol for curriculum review and the materials evaluation to look over. We talked about the need for accountability and being able to view the whole picture of where we are before we recommend purchases.

- 3.5 Establishment of a Tasks Timeline for the ROCC Barb Sims Task Timeline was discussed:
 - 1. The "tools" need to be approved ASAP (by 11-3-10 at latest)
 - 2. The curricular teams- names of members from each building, and especially communications, need to be given to Barb by 11-1-10. Barb will organize a meeting of the communications committee when those names are provided.
 - 3. Human Sexuality Programming we discussed what we think current practice is. We talked about the difference between a guest speaker and someone with their own agenda If a teacher has a guest speaker those essential learning outcomes that are desired by the teacher should be shared ahead of time with the guest speaker. What happens if the guest cannot come does the content still get taught? We will bring current practices to our next meeting on Nov. 10th along with the teachers who should be involved in the planning and discussion of this topic. At the next meeting we also need the state code and how it is worded to reference.
 - 3.6 Review of the February 21, 2011 Professional Development Day
 We talked about Dr. Lynn Erickson coming. Some members had looked her up
 on the internet and found some of the materials she has written.
- 3.7 The Red Oak PLC Teaching Academy update from Terry
 Since Mr. Schmidt was ill we just talked about what has taken place so far in each
 building. It was agreed that it is definitely driving professional development in all buildings.
 4.0 Items Added to the Agenda
 - 4.1 If we can stay a little longer at the next meeting, Gayle will teach members how to use Google Docs. If you have no interest or already know how you may leave early.

Item 6.2.4 Fiscal Policy Workshop Review and Fiscal Goal Setting

— Business Manager Shirley Maxwell and Terry Schmidt

BACKGROUND INFORMATION: A few weeks have now passed from the very informative and helpful fiscal policy review workshop. This evening it would be good to review and discuss what we learned; what we need to do; and what should be some reasonable goals as the budget preparation season begins in January.

Enclosed is a sheet of showing budget data that was unavailable at the fiscal policy workshop. Terry and Shirley would like to have a few minutes to go over this information; provide other highlights from the completed workshop; and seek comments/direction from the governing board.

Even with the budget cuts done in the 2008-2009 school year, the district spent \$820,605 more than the 2007-2008 school year.

As a result of the budget cuts done in the 2009-2010 school year, the district saved \$127,286 over the 2008-2009 year's expenses.

Item 6.2.5 November Business Reports Analysis, Comments, Requests for Approval – Business Manager Shirley Maxwell

BACKGROUND INFORMATION: This month's business analysis report by Shirley Maxwell includes the current cash balances and expenditure/revenue review. Please allow Shirley a few minutes for her review.

Other topics covered by the business manager:

- ⇒ Update regarding projected cash needs in the months ahead and implications for the Iowa School Cash Anticipation Program (ISCAP)
- ⇒ Modified Allowable Growth Shirley will review a budget mechanism that will allow the district to improve its budget authority. Please allow a few minutes for this review. If the steps explained are approved by the Board, the following board motion would be in order:

SUGGESTED BOARD ACTION:

We approve the resolution authorizing the request of the modified allowable growth as stated in the SBRC application for increasing enrollment, open enrollment out, and excess LEP costs and that all data submitted herewith do represent an accurate, unduplicated, and true accounting of student counts in accordance with Iowa Code and the Iowa Administrative Code, to the best of our knowledge and belief.

DRAFT

Payment of Costs by the School Corporations

Each School Corporation was required to pay 0.63% (63 basis points) of the amount of its Series 2010-11 ISCAP Series A Warrants as a fee (the "Participation Fee") to participate in 2010-11 ISCAP Series A. The basis points for Series B will not be known until it is known how many schools will participate and how much money will be borrowed. If it remains the same the Participation Fee for Series B would be \$3,962.70. We would also have to pay the interest amount. This series would provide funds that could be drawn down and used until June 30th.

BACKGROUND INFORMATION: Several personnel considerations are available for the Directors this evening. None is more important than the decision to recommend an instructor for the vocational agriculture education program and the new FFA Chapter Adviser.

An interview team consisting of Angie Spangenberg, Dean of Students; Jedd Sherman, ROHS Principal; Jerry Hansen, Red Oak FFA Alum; Paul Griffen, Board Director; Roger Vial, Agriculture Banker; and Terry Schmidt completed four interviews on October 26 and 27. All candidates interviewed were December graduates ready to begin their first year of professional experience in January.

Following the completion of the interviews, an interview team consensus was rapidly formed identifying two top-notch candidates. The top choice of the team is:

Ms. Brandi Merrick of Carroll, Iowa. She will graduate from Iowa State University in December with a Bachelor of Science degree in Agriculture Education. She is currently completing her student teaching experience at Denison High School. Her résumé is enclosed for your review. As noted, Ms. Merrick was very involved in all aspects of her college program showing leadership and recognition in many areas.

This evening Director Paul Griffen may want to provide comments about the interview team's work.

Assuming the Directors agree with the recommendation, formal action should be taken to employ Brandi Merrick. Her professional contract will be unique for the second semester as it provides for teaching agriculture education, full-time substitute teaching on days when agriculture education is not meeting, and a stipend to serve as the FFA Chapter Advisor. The total compensation for her will be \$14,500 plus \$18.83 per hour for FFA Advisor.

Board action requested . . .

Other personnel considerations include:

Brad Schlieman, reassigned from ROMS girls track coach to ROHS assistant boys' track coach. (recommendation is included)

Judy Waggoner, transportation bus monitor substitute (recommendation is included)

Brynda Joyce Sagen, bus driver substitute (recommendation is included)

Jennifer Elarton, transfer from Inman Primary to the Webster Right Start Program

SUGGESTED BOARD ACTION: It is recommended the Directors approve the recommended personnel actions as presented.

October 8, 2010 Red Oak Community School District 904 Broad Street Red Oak, Iowa 51566

Ms. Leinen,

I am applying for the position of agricultural education instructor within the Red Oak Community School District as advertised on the Red Oak Community Schools website. As a senior graduating from Iowa State University in agricultural education – teacher certification option, this post is exactly what I am looking for.

After learning more about the position, I could see that it would fit well with my current and past experiences. In high school, I was an active FFA member for four years and my experiences within my agriculture courses and the FFA are the foundations for my degree. At Iowa State I have taken a wide variety of courses that covered the basics of agriculture, education and agricultural education. Through these courses I have created curriculum maps, written lesson plans and participated in a variety of FFA activities and all of these experiences could be used to enhance the Red Oak agricultural education program.

In addition to high school and college level coursework in this field, I am currently student teaching at Denison High School. So far this year I have consistently taught several courses including Agriculture Science I and Agriculture Science II. Both of these courses could be easily manipulated to fit the needs of the Red Oak agricultural education program.

Other experiences that I can bring to this position, as you will see in my resume, include jobs that I have had in the agricultural field. These hands-on experiences have helped to increase my knowledge of several areas of agriculture. A solid background makes the content easier to teach and relate to real-life. This in turn helps the students to understand the importance of agriculture and how it relates to them.

I look forward to hearing from you and welcome any questions you may have.

Sincerely yours,

Brandi Merrick

I have two recommendations to present to the Board of Directors this evening.

I would like to recommend Brynda Joyce Sagen to be hired as a sub monitor and sub bus driver starting as soon as possible.

Brynda is in the process of renewing her bus driver's license and has recently passed the written portion of the test. Brynda drove a bus for us several years ago, has excellent work history and I look forward to her joining our bus driver team in the Red Oak Community School District.

I would also like to recommend Judy Waggener as a substitute monitor for any route that would require a monitor. Judy has been a substitute monitor for several years, she also has an excellent work history.

Judy has been helping with the monitoring duties at the Bancroft building in the mornings.

Mrs. Jennifer Elarton has requested a voluntary transfer from her part-time one-on-one paraprofessional position in the Early Childhood Special Education Program, to the paraprofessional position in the Right Start Preschool. Jennifer has the skills and experience to support the teacher and students in the Right Start Preschool.

I am recommending this transfer be approved for Jennifer Elarton.

Each board meeting may have one or more reports from district staff; announcements of future meetings; or general announcements from organizations. Seldom will the information require formal board of director action. If formal action is needed on any item, a recommendation will be provided.

7.1 Administrative Reports

- Included this evening is a report from ROMS Principal Nate Perrien concerning one of his recently completed professional development days.
- Included is a meeting summary provided by Member Sonia Kunze of the Teacher Quality Committee. Questions or concerns are welcome.
- Included are the most recent minutes from the Green Hills AEA Board of Directors.

7.2 Future Conferences, Workshops, Seminars

Enclosed is an advocacy piece for upcoming legislative work sponsored by the Iowa Association of School Boards. Please get the identified dates on your calendar if you are interested in participating.

7.3 Other Announcements

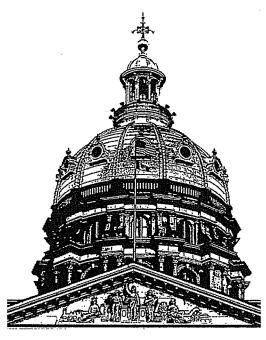

7.3.1 The next meeting of the Directors will be Monday, December 20. Terry and Debbie will provide some type of 'holiday menu'. Would the Directors want to meet at 5 pm for this?

7.3.2 Iowa Core Long Range Planning – Kevin Fangman, Acting Director

Enclosed is a communication piece from the Department of Education seeking Terry's involvement in a planning group for the Iowa Core. Even though the loss of three days from Red Oak is not advantageous, there certainly will be some benefit in having a voice with the planning group. Terry plans to attend this work.

3.0 New Items for Discussion

3.1 Professional Development Proposal:

Technology Committee as presented by Janelle Erickson, Ann Peterson, Bob Deter, et al (Michelle Linn)

(This was sent to TQC and approved, then sent to the entire staff): ROSD Staff,

Last week a group of teachers and school board members from our district attended the Technology and Learning Conference. There were many sessions on how technology can be used in the classroom to increase student motivation, engagement, and most importantly, student achievement. The group of attendees has decided that instead of overwhelming people with an abundance of technology information all at once, it would be better to offer technology workshops. The workshops, which we have named Techno Days, will be on specified days and will be available for any interested teachers throughout the rest of the school year. The workshops will always be optional.

We would like the workshops to be teacher driven. We have created a survey that you will see listed below for you to complete. This survey is two questions, and will take you no more than five minutes to complete. The Techno Days will then be planned according to your responses.

The goal of the workshops is to create an atmosphere where teachers can collaborate, share, and learn new ideas that will encourage us to become 21st learners ourselves. Our hope is that you will walk away excited about using a new technology tool in your classroom after each workshop session.

We hope that you will take this opportunity to take part in as many Techno Days as your schedule allows. Please remember that the intention of these workshops is not to add anything else to your plates, but to share ideas as to how we can engage our students with different technology tools and find tools that will simplify our teaching lives.

Techno Days Schedule:

Mondays:

Locations: Middle School Media Center & Washington (Michelle Linn's

Classroom)

Time: 3:30 - 4:00 (or whenever you would like to leave)

Thursdays:

Location: High School Media Center & Inman Media Center Time: 3:30 - 4:00 (or whenever you would like to leave)

Our first Techno Monday will begin on **November** 15th. The focus for the first week will be **social bookmarking**.

Social bookmarking is a method for people to organize, store, manage and search for websites/resources online. This Web 2.0 tool will save you time and energy by storing all of your bookmarks on the social bookmarking website of choice. Your bookmarks will become accessible from any computer that is connected to the Internet. This workshop is perfect for those of you that like to share and find neat resources, those who are currently emailing websites to yourself to save them, or those of you who constantly are wishing you would be on a computer where you bookmarked a needed resource.

Popular social bookmarking websites: **Delicious**- http://www.delicious.com/ / & **Diigo**- http://www.diigo.com/

Below is information from a study that was unveiled at the conference we attended:

"The Project RED (Revolutionizing Education) research team unveiled a new study at the National School Boards Association T + L conference in Phoenix that details how nine key implementation factors are linked to improved test scores and graduation rates, as well as reductions in disciplinary actions and dropout rates." Below you will find some of the information from this study:

Which technology practices improve learning the most?

- 1. Intervention classes: Technology is integrated into every intervention class.
- 2. Change management leadership by principal: Leaders provide time for teacher professional learning and collaboration at least monthly.
- 3. Online collaboration: Students use technology daily for online collaboration (games/simulations and social media.)
- 4. Core subjects: Technology is integrated into core curriculum weekly or more frequently.
- 5. Online formative assessments: Assessments are done at least weekly.
- 6. Student/computer ratio: Lower ratios improve outcomes.
- 7. Virtual field trips: With more frequent use, virtual trips are more powerful. The best schools do these at least monthly.
- 8. Search engines: Students use daily.
- 9. Principal training: Principals are trained in teacher buy-in, best practices, and technology-transformed learning

Thank you, Ann Petersen, Michelle Linn, Mark Erickson, and Janelle Erickson

- Lots of the things we learned about are FREE but teachers don't know about them! They will help teachers be more efficient, and workshops will be based on what teachers want to see, what teachers want to learn about. 21st Century skills will be the guideline, and also it will be incorporated into technology skills.
- After school duties can be covered by others who are not interested in attending. The same thing taught Monday will be covered on Thursday in the other building. Buck said arrangements will be made so that someone who wants to attend will be able to do so.
- Surveys will be sent out to see what technology tool or specific technology need is out there and how many people are interested in learning.
- Purely voluntary, not another thing to be on your plate! These workshops will be open to everyone, not just certified staff.
- November 15th is the targeted start date.
- TQC gave a "nod of approval"
- 3.2 Professional Development Invitation Permission Michelle Linn, Janelle Erickson, February 21, 2011
 - Linn, Erickson, Buck and Barb had the opportunity to meet with Lynn Erickson, who is conducts workshops (not sit & gets, very interactive sessions) on Concept Based Instruction (deeper level of learning for students). We have 88 certified staff attending, and we've been asked to accept upwards of 50 more in from other districts. Barb will call Ms. Erickson and ask if she will allow the extra people to come in, she likes around 100 people in her workshops. (The extra 50 are AEA staff. We'd like to charge \$75.00 per person to attend.) We are concerned about the interacting with a smaller group...we'll see what she thinks.
 - If it doesn't make a huge difference on the teachers' learning...we are open to allowing AEA staff to attend. Especially if they can enhance the presentation with their equipment!
 - 3.3 Schools In Need of Assistance Professional Development Requirements
 - SINA Team Members Barb Sims, Gayle Allensworth, Buck Laughlin, et al
 - Why SINA? Washington did not meet AYP, Year 1 reading, did meet Math; Middle school Y2 Reading, Y1 Math; IPS 3rd met it, but when you collapse 3-5, we did not.
 - Have to spend \$\$ on PD. Spent 5 days working on vision & direction, 5 days working on plan:
 - Letters to parent informing SINA and give opportunities
 - O Share news about plan to all stakeholders in district (webpost)
 - Work with Assessment Solutions to better use our data
 - Faculty requirement curriculum maps and lesson plans alignment
 - Purchase a new tool to use money wisely when looking at curriculum. Resources need to be aligned, particularly Literacy.
 - PD-think alouds K-8 MS needs trained
 - Concept based instruction
 - Training for new teachers for what we hold valuable (understand PLC, Concept Based Instruction, PD opportunities in think-alouds, etc.)

Plan has been submitted to Dept. of Ed. Two year implementation. This is district wide, IPS feeds kids into WIS, WIS feeds kids to MS, MS feeds to HS...things that have been introduced will be formalized and documented. Each building has a profile, surveys will be discussed.

Page 2 Teacher Quality Committee 11.02.2010

- 3.4 "Assessment Solution Training" Future Use in Red Oak Curriculum Director Barb Sims
 - Data base of all our students and test scores.
 - Things to discuss at the administrative team
 - o Who will have access?

4.0 Items Added to the Agenda

- 4.1 We have 1 hour PD the day before Thanksgiving (Nov. 24th). Deb wonders if the mentors/mentees could get together during that one hour and check progress on learning projects instead of having to miss a school day and paying for substitute teachers? TQC gave yet another "nod of approval" to have mentors/mentees meet in IPS media center for that hour.
- 4.2 Volleyball going to state...
 - A decision will be made at the next administrative meeting tomorrow morning, a
 decision will be made and information will be sent out by tomorrow afternoon
 (November 4, 2010). The first game is Wednesday (Nov. 10th) night. No game on
 Thursday. If they win on Wednesday, they will play again at noon on Friday.
 - Can Veteran's Day programs be moved to Wednesday morning instead of Thursday morning? Could there be an early release Wednesday afternoon?
 - Should there be a late start on Thursday morning?
 - The team will be in Cedar Rapids until Sunday night regardless if they win or lose on Wednesday.
 - Bowling went to state last year, and school was not cancelled.
 - If there is a district wide pep rally, there needs to be enough time after it to get the kids back to the bus "hub" at IPS
 - 12:30 would be a better dismissal than 1:15 so everyone has a chance to get up there safely.
 - Are pep busses going?

5.0 Next Teacher Quality Committee Meeting Date & Time

As planned, there will be MO TQC meeting in December.

The next meeting is planned for:

Wednesday, 1.05.2011, 4 pm to 5 pm Sue Wagaman Board Room Webster Building

6.0 Adjournment

Excellence for All . . . Whatever It Takes!

The Red Oak Community School District enables itself to provide the best opportunities for all students to academically, socially, and ethically prepare themselves for global citizenship.

An agreement among Creston CSD, Green Hills AEA, and Southwestern Community College (TriUMPH) is effective through June 30, 2011, for the purpose of documenting cross-agency collaboration.

f. Amendment to Subcontract with Cass County Memorial Hospital (CCMH)

This amendment reflects a name change to the subcontract of \$8,500 with Cass County Memorial Hospital/Home Care Hospice to provide Coordination of Caring Connection Mentoring Program for elementary-aged children in Atlantic. InTrust has acquired the Cass County Memorial Hospital Home Care and Hospice Departments. This subcontract is paid from Prevention Through Mentoring Grant from Iowa Department of Public Health. This has been an ongoing subcontract with Cass County Memorial Hospital and was most recently approved at the August 24, 2010, Green Hills AEA Board meeting.

g. Agreement with Kristie Pretti-Frontczak

This agreement with Kristie Pretti-Frontczak is to provide ten days of training and consultation to the early childhood group in the 2010-11 fiscal year. This agreement for \$20,000 will be paid from IDEA Section 619 ARRA funds.

h. Agreement with West Central Community Action

The purpose of this agreement is to facilitate an alliance between Early Access/Green Hills AEA and West Central Community Action. This agreement, effective September 1, 2010 through September 1, 2011, is intended to provide guidelines for collaboration between Early Head Start and Early Access/Area Education Agencies in Iowa.

i. Agreement with University of Nebraska Medical Center

This agreement with the University of Nebraska Medical Center is to allow physical therapy education students from the University to participate in Green Hills AEA programs in order to gain clinical experience. Green Hills AEA will be responsible for the supervision of any students in the program. There is no cost to either organization to enter into this agreement.

Policy 802.2 Recording, Videotaping or Broadcasting of Agency Events

These policies will be presented at the October 26, 2010, Board meeting for second reading and approval.

Board Appointment to Iowa Association of School Boards Delegate Assembly

The 2010 IASB Delegate Assembly will meet at Hy-Vee Hall in Des Moines on Wednesday, November 17, at 1:00 p.m. In accordance with the IASB Bylaws, each Area Education Agency is entitled to elect one person from the membership of their school board as a delegate to the IASB Delegate Assembly and another person to serve as alternate delegate. Green Hills AEA is entitled to cast three votes in the Delegate Assembly based on an AEA enrollment schedule of two votes for enrollment of 0-29,999 and three votes for enrollment of 30,000 and over.

Mr. Gammon moved that Mr. Storm be appointed as the Green Hills AEA delegate to the IASB Delegate Assembly seconded by Mr. Lee. The motion carried on a unanimous voice vote. If Mr. Storm is not able to attend, the official delegate packet may be transferred to another member of the Board.

Board Appointment to Iowa Association of Area Education Agencies Board

Mr. Storm moved that Ms. Wilken be appointed to the Iowa Association of Area Education Agencies Board; seconded by Mr. Schenck. The motion carried on a unanimous voice vote.

Ms. Thomsen moved that Ms. Coziahr be appointed as alternate representative to the Iowa Association of Area Education Agencies Board; seconded by Ms. Wilken. The motion carried on a unanimous voice vote.

Administrative Updates/Reports

- a. Administrative Reports—Administrative Staff
 - Dr. Plugge reported on the Superintendents' Fall Retreat, which was held September 25-27. Eleven superintendents were in attendance.
 - Dr. Plugge indicated that on Thursday he will be in Anita to chair the Anita and C & M (CAM District) organizational meeting. He also indicated that he has been invited to meet with the Lamoni Community School Board on November 16.
 - Dr. Plugge reported that he has applied to participate in the Instructional Rounds Training. Grant funds would cover the cost of the training. Regional Administrator Jan Norgaard, Superintendent Tom Micek, and Superintendent Willie Stone are the three current facilitators in Green Hills AEA. The four new AEA chiefs were invited to apply for the training. The training is scheduled in December.
 - Dr. Plugge referenced the *Green Hills AEA Field Guide* that was provided to Board members. The document includes many of the acronyms used in the Agency.

The Board indicated interest to continue the Board subscription to the American School Board Journal.

b. Board Reports

Karen Thomsen reported on the IASB Employee Relations conference that she attended on Friday, September 24.

Iowa Core Long Range Planning

Dear Mr. Schmidt,

The DE is convening a group of about 15 LEA, AEA, DE and professional organization people from across the state to develop a 2-3 year plan for the Iowa Core. This plan will shape the support made available to schools as they implement the Iowa Core and transform themselves to best meet the needs of Iowa Students. The group is being facilitated by Allison Zmuda. Ms Zmuda currently works with ASCD and is the author of the books, The Competent Classroom and Transforming Schools: Creating a Culture of Continuous Improvement. She has worked extensively with districts across the country in their efforts to improve. Kevin Fangman, Acting Director, was given your name by Connie Maxson. They are both very interested in having you be part of the planning group for a due to your role as a superintendent and vision for school improvement and instructional leadership.

The Long Range Planning group will convene on Nov 30, Dec 1-2. There may be an additional day or two of meetings this spring, but this is not a group that will go on in perpetuity. We realize that three consecutive days is a big commitment for a school leader. We are hopeful that if you can be part of the group, you will find the work with Ms Zmuda to be interesting and that the resulting plan will enhance our work around implementation of the Iowa Core.

We appreciate your consideration of this request. A more formal communication will be sent out from Kevin's office once we can confirm membership of the group.

Sincerely, Cindy Yelick Administrator, Iowa Core
