## Item 5.0 Consent Agenda

**BACKGROUND INFORMATION:** The following items are presented for approval in one formal motion. Should any director have a question or would like for an item to be placed on the regular discussion agenda, please notify Board Secretary Shirley Maxwell in advance of the meeting.

Enclosed are reference pages for:

## 5.1 Review and Approval of the Minutes from June 28, 2010

The minutes are enclosed for your review. Unless there are suggested changes, they are submitted for approval by Board Secretary Shirley Maxwell.

#### 5.2 Review and Approval of the Monthly Business Reports

As the fiscal year has now come to a close, there are many end-of-the-year bills to pay. Accounting Clerk Jeanice Lester has included several here and may have more at the board table this evening. Should you have any questions, do not hesitate to call the Webster Office and make inquiry from the business staff. Shirley Maxwell can answer any of your questions at the meeting this evening.

Again, it is anticipated that Business Manager Maxwell will have a more conclusive look at end of the year balances in August after all bills have been paid and the final payroll numbers are in.

# 5.3 Educational Service Agreements for FY 11

#### ✓ Mid-Iowa School Improvement Consortium (MISIC)

Several months ago a possible involvement by Red Oak CSD was explained by former C & I Director Doug Barry. It was determined with the lateness in the school year (and in MISIC's calendar year) that a membership should be delayed until the beginning of the new budget year. Membership in MISIC will enhance and improve the work being done by the ROCSD Iowa Core Curriculum Team and membership will also facilitate the district's use of the testing program in the high school and middle school called Measures of Academic Progress (MAP). The total cost for FY 11 will be \$7,474.20 and will be paid from Iowa Core Professional Development Funds. Future membership years will cost ROSCD \$2 per student or an estimated amount of \$2,500. Enclosed is a copy of the membership contract and cover letter.

Curriculum & Instruction Director Barb Sims will be the coordinator of MISCIC activities in Red Oak and will represent Red Oak in all consortium activities.

# ✓ School Business Manager Share Agreement with the Stanton Community School District

Enclosed is the renewal of the share agreement with Stanton CSD affecting Business Manager Shirley Maxwell. This begins second of a possible three year agreement – unless 'share agreements' are renewed by the Iowa Legislature. Stanton has approved the continuation and it is recommended this evening the Red Oak Directors do the same. Approximately \$271,000 will be received in Red Oak CSD to help with the current budget challenges.

## ✓ Cooperative Food Purchasing Agreement

Enclosed is an agreement to continue in the shared food purchasing provisions. This renewal will allow Red Oak and Food Service Director Sharon Foote to buy food supplies in the most economical way possible. Red Oak CSD has been a member for several years.

#### 5.4 Bid Results for Food Service Products

The last of the annual bidding process for goods and services is now complete. Bidding is complete for the purchase of dairy and bakery products. Enclosed are summary sheets for each product. Dairy products are traditionally bid with a guaranteed firm price and also with an escalator price – meaning the prices could rise without limit if raw products rise in the cost. It is the recommendation of Food Service Director Sharon Foote to have the guaranteed, firm price.

#### Recommendations:

Bakery Products:

Hostess Brands, IBC, Wonder Bread

Dairy Products:

Anderson Erickson

**SUGGESTED BOARD ACTION:** It is recommended the board of directors approve the following consent agenda items:

- Minutes from June 28, 2010
- Monthly business reports as presented

- Educational Service Agreements with Mid-Iowa School Improvement Consortium, the Iowa Consortium for Food Purchasing, and the Stanton Community School District for a shared business manager
- Food service product bids with Hostess Brands/IBC/Wonder Bread and with Anderson Erickson Dairies

Doug Barry Red Oak Community School District 904 Broad Street Red Oak, IA 51566

Dear Mr. Barry:

Thank you for your interest in the Mid-Iowa School Improvement Consortium! Our schools have been working together for over ten years to provide our members with quality curriculum, testing, and instructional resources. We have found that together, we can truly achieve more!

You will find three documents enclosed:

- 1) Letter of Agreement for your membership in MISIC, if you decide to join. This is a 3-year commitment and it must be signed and returned prior to your on-site test administration workshop.
- 2) Invoice for 2010-2011 joining fees. This is the first-year cost of membership in MISIC. After this first year, the annual dues will be \$2 per student for the next two years. The student count is taken from the previous years certified enrollment count. All joining fees are used to fund on-going projects of the consortium. Annual dues fund the on-going annual expenses of the consortium.
- 3) MISIC Contact Information for 2010-2011.

## Item 6.2.1 Request for Open Enrollment

**BACKGROUND INFORMATION:** At the board table is a specific request for open enrollment that does not follow the typical guidelines for submission. Normally the deadline for open enrollment requests is March 1, 2010. Given the special circumstances surrounding tonight's request, Terry Schmidt would request a few minutes to explain the rationale for possibly accepting this request.

The open enrollment request is from a resident of the Villisca CSD. The Villisca board of directors has declined to approve the request as it was presented to them.

Please allow a few minutes for this discussion.

**SUGGESTED BOARD ACTION:** (to be determined)

#### Item 6.2.2 Personnel Considerations

**BACKGROUND INFORMATION:** Several positions are available for recommendation this evening.

# High School / Middle School Physical Education Varsity Football Head Coach

#### Washington Intermediate and Inman Primary School Counselor

Several applications were received – five interviews were scheduled with only three completed. The interview team consisted of Principals Sims and Laughlin and Instructors Bev Hambright and Angela Montgomery.

Those interviewed included:

**Ms. Stacey Schellhammer** – currently of Waukon, Iowa; formerly a teacher in the Cartwright School District of Phoenix, AZ; recently completed her master's degree and licensure for school counselor; has seven years of professional experience.

Mr. Grant Elsbernd – currently of Calmar, IA; completed a master's degree in school counseling, Dec. 2010 from UNI. Has no prior counseling experience.

# Washington Intermediate Lead Maintenance Worker

With the retirement of Gene Redd, the position has been filled with part-time worker Don Hamernik. He began his new assignment several weeks ago.

**Recommendation**: It is recommended the Directors employ Don Hamernik as the fulltime lead maintenance worker to be compensated at the rate of \$11.86 per hour with all requisite benefits included.

### Red Oak Middle School Lead Maintenance Worker

In the last school year, Gary Fink filled the position at ROMS as a fulltime substitute due to the departure of maintenance worker Ruby Buehler. As a result of his successful work, Gary Fink is recommended for the permanent position.

**Recommendation**: It is recommended the Directors authorize an employment contract for Gary Fink as the ROMS fulltime lead maintenance worker to be compensated at the rate of \$8.96 per hour with all requisite benefits included.

# Item 6.2.2 – continued

# Washington Intermediate School Part-time Office Worker

Staffing assignments have left the Washington Intermediate School short 2.5 hours per day for a clerical person to manage food service accounts and assist in the office operations. Mrs. Katherine Robinson ably filled in as a substitute in the past several years and is recommended for this position by the building leadership and the food service director.

**Recommendation**: It is recommended that Katherine Robinson be employed as a part-time office worker at Washington Intermediate (2.5 hours per day) to be compensated at the rate of \$8.81 per hour.

**To:** Angie Spangenberg **Subject:** Head FB Coach

Ms. Sprangenberg,

I'm interested in the head football coaching position open at Red Oak High School. Unfortunately, I am not P.E. certified (although I have a close friend who would make an excellent defensive coordinator who is P.E. certified) so I'm curious if you anticipate any other teacher openings? If not, do you have any suggestions/ideas how I could supplement my income if I'm not teaching in Red Oak? I've attached a resume for you to review at your convenience. Please note, I have been applying for college football coaching jobs so my resume is heavily geared in that direction but I believe it will give you a good idea of my qualifications. Thank you for your time and consideration. Please feel free to contact me at any time. I look forward to hearing from you.

Red Oak Community School District 904 Broad Street Red Oak, IA 51566

To Whom it May Concern,

I am writing this letter to express my interest in the PK-5 Counselor position that was posted on the IAREAP website for the Red Oak Community School District. I am a dedicated, flexible, and enthusiastic individual who aspires to motivate and help students achieve success in their education.

JUN SO 2010

I have a Bachelors Degree from the University of Northern Iowa with a major in Elementary Education and a minor in Mathematics. I also earned two masters degrees, one from the University of Phoenix in Curriculum and Instruction and the other in K-12 School Counseling from Grand Canyon University. I currently hold a State of Iowa Standard License for teaching and I'm in the process of adding the guidance counselor endorsements for elementary and secondary.

I have spent the past 7 years teaching sixth, seventh and eighth graders at Desert Sands Middle School in West Phoenix. I feel my time with the Cartwright Elementary School District was a†great experience†that†qualifies me for this teaching position. As a teacher I have worked hard to help students establish academic strength, stability and goal setting for a promising and successful future. Within the last year I completed my internship as a GUidance Counselor. I was fortunate to be able to do this while I was teaching at Desert Sands Middle School. In my internship I had many great learning experiences, while included scheduling, mediations, behavioral counseling, crises counseling, and interventions. I'm proud of the position I've held throughout my career. I am equally proud about the relationships I've been able to form with the school staff as well as with the parents and students in the community.

If there is any further information that you might like, please feel free to contact me. I would like to set aside time to talk with you via phone or in person to interview for the position of PK-5 Counselor. During our meeting I anticipate learning more about the Red Oak Community School District and ways that I will contribute to its continued success.

Sincerely,

Stacey Schellhammer

Item 6.2.3 Maintenance & Operations Department Report

— Director Pete Wemhoff

**BACKGROUND INFORMATION:** This evening please welcome New M / O Director Pete Wemhoff to this meeting. Pete joined the staff of ROCSD on July 1 and has been hustling/learning ever since.

In the short time he has been here, Pete has completed the tennis court project with resurfacing; is underway with some classroom door projects at Washington; is underway with the re-carpeting project at ROHS; has implemented a three person paint crew for an abbreviated summer term; is seeking to fill all vacant/open maintenance department jobs; and has visited with Terry extensively about needed concrete sidewalk replacements.

Please allow Pete Wemhoff a few minutes to bring all Directors current with recent department projects and recommendations.

**SUGGESTED BOARD ACTION:** (to be determined)

**BACKGROUND INFORMATION:** The school district has five surplus school buses to sell. The buses were locally advertised and sealed bids received. Two individuals bid on the buses with the high bidder being Mr. Phil Kennon of Red Oak who bid a price of \$518.00 per bus.

Director Guerra has learned that salvage dealers are willing to pay a much greater amount than the bids received. It is estimated that each bus could bring approximately \$1,260. It would be very appropriate for the Directors to reject all sealed bids and then offer the high bidder (Mr. Kennon) the opportunity to match the amounts that could be received via salvaging.

**SUGGESTED BOARD ACTION:** It is recommended the Directors reject all sealed bids for surplus buses owned by the Red Oak CSD and then offer the buses for sale at the highest rate quoted for salvage purposes.

Item 6.2.5 Iowa Association of School Boards Proposed 2011 Legislative Action Priorities and Resolutions

**BACKGROUND INFORMATION:** Board President Charla Schmid has asked for a review of the 2011 Proposed Legislative Priorities and Resolutions from the Iowa Association of School Boards.

Enclosed is a list of the 2010 priorities, a set of directions for discussing new priorities, and a response form. The Directors are encouraged to look at the information tonight and then determine what are the greatest priorities coming from the Red Oak Community School District.

Vice-President Lee Fellers will lead this discussion. Please look over the enclosed information prior to this meeting. If the Directors can agree on the priorities, then Board Secretary Shirley Maxwell will file the responses not later than Monday of next week.

**SUGGESTED BOARD ACTION:** (to be determined)

Below is a chart of the 2010 IASB Legislative Resolutions and the bills that impacted each resolution from the 2010 legislative session. We only report those bills that had at least a subcommittee meeting whether it made it through the full process or not. Many of the resolutions didn't have any bills that moved, and in many cases, IASB worked to defeat new legislation. If the second column is blank, then there was no legislation filed or, if filed, it did not have a subcommittee meeting.

# STUDENT ACHIEVEMENT AND STUDENT EQUITY:

The Iowa Association of School Boards:

	Resolution	Legislative Action 2010 Session
1.	Supports preserving the integrity of the statewide penny sales tax for school infrastructure, including the tax equity provisions of buying down the highest additional levy rates to the state average.	Only verbal threats – no bills.
2.	Supports full state funding to implement the Iowa Professional Development Model. The school district is the appropriate authority to determine the amount and content of, and require participation in, professional development to improve instruction focused on the district's student learning goals.	Appropriated \$613,878 for purposes of implementing the professional development program requirements, assistance in developing model evidence for teacher quality committees and the evaluator training program.
3.	Supports continued progress in the development of rigorous content standards and benchmarks, consistent with the Iowa Core Curriculum, focused on improving student achievement, including the following state actions:  • Provide technical assistance to help districts fully implement the Iowa Core Curriculum.  • Develop or obtain high-quality summative and formative assessments, aligned to the skills students should know and be able to do to succeed in the 21st century. IASB supports assessment systems that measure student growth for all students, also known as value-added growth or gain, to improve student outcomes by driving professional development, teacher and administrator applications and achievement development.	No real bills to threaten the Core Curriculum. \$1.9 million for purposes of implementing the statewide core curriculum and a state-designated career information and decision-making system.
	<ul> <li>administrator evaluation, and school improvement decisions.</li> <li>Support research-based professional development that provides educators with the training, support and time to work together so that they can successfully teach a rigorous curriculum to all students.</li> <li>Include and fund all the components of successful standards systems: assessments aligned to high expectations, improved and aligned instruction and quality professional development.</li> </ul>	
4.	Supports adequate and on-time funding for English-language learner (ELL) students until the students reach proficiency	
5.	Supports an additional funding mechanism for school districts' transportation costs that does not directly or indirectly impact funding for the educational program	
6.	Supports funding to ensure all 3- and 4- year- olds have access to a high quality public school preschool program, and allow 4- year olds to be included in the enrollment count, if those programs can demonstrate meeting the collaboration and quality standards requirements of the state voluntary preschool program. Also, we support the full-weighting of preschool students enrolled in full-time programs. IASB supports local district spending authority in the event of a future state spending reduction.	Appropriated \$48.2M for preschool and DE has opened up the process to all school districts that have preschool programs meeting the state standards. Doesn't mean all children will be counted but all districts will get state funds in FY 2011.
7.	Supports continuation of sufficient incentives for and assistance to encourage sharing, reorganization or regional high schools to expand academic learning opportunities for students and to improve student achievement. IASB supports expansion of sharing incentives to include special education, curriculum and other critical administrative positions. The incentives must be available to districts regardless of geographic proximity to each other.	Incentives were maintained but not expanded.
8.	Supports legislation that increases the at-risk student weighting and includes drop- out prevention in the foundation formula.	
9.	Supports increasing the regular program state cost per pupil to the current maximum district cost per pupil.	
10.	In the spirit of equitable spending for the benefit of all of lowa's children, the portion of lowa's casino revenues rewarded to school districts should be distributed equitably among all districts, similar to the statewide penny. To do otherwise is making a statement to the students of the districts not currently benefiting that they are not as important as the students in the districts with casinos.	

# FINANCE:

The Iowa Association of School Boards

11.	Supports setting allowable growth at a rate that encourages continuous school improvement and reflects actual cost increases experienced by school districts and AEAs. Our priority is to increase and maintain the state cost per pupil and the spending authority associated with it to build a strong base for future education resources. 2010 IASB priority	Allowable growth was set at two percent for FY 11 but underfunded approximately \$290 per pupil. School districts maintained spending authority for the shortfall.
12.	Supports a school foundation formula that adequately and timely funds changes in demographics, including declining and increasing enrollment challenges	
13.	Supports a four-year phase-in to achieve full funding of the state's portion of the instructional support levy. During the transition period, IASB supports an equitable proration formula and school district spending authority for any shortfall.	Instructional Support Levy was funded at \$7.5M for FY 11 short \$5.6M from FY 10.
14.	Supports full funding of public schools before supporting non-public schools.	SF. 2178 expands the definition of textbooks for the nonpublic schools to include computer technology but no additional funds were provided.
15.	Supports the utilization of Home School Supplemental weighting funds to cover the full expenses of the Home School Assistance Program, including necessary expenditures for administrative costs such as secretarial work on timesheets, benefits, correspondence with parents and enrollment records.	The education appropriations bill includes language that allows districts with a home school assistance program to pay for direct administrative expenses of administering the program.
16.	Supports amendment of Senate File 470 to fund the Research and Development School at the University of Northern Iowa through the Regents rather than the Iowa School Finance Formula. As currently identified in code the Iowa School Finance Formula should only be used to fund K-12 schools in Iowa.	

# LOCAL CONTROL:

The Iowa Association of School Boards

17.	Supports legislation that provides flexibility for school districts to meet changing needs, become more efficient, protect natural resources and save public funds.	
18.	Supports incentives for school districts to offer extended days and extended calendars. School districts receiving these incentives should evaluate such initiatives to determine the impact on student learning.	
19.	Supports the repeal of the legislated school start date and restoration of local school district authority to determine when it is in the best interest of students to start school.	SF 2187, HF 589 – Start Date bills killed
20.	Supports expansion of the allowable use of physical plant and equipment levy (PPEL) funds while maintaining the purposes of infrastructure, transportation, technology and equipment funding.	HF 2462 – Passed House and died in Senate

# TAXES:

The Iowa Association of School Boards

	The lower Association of Gorles Boards	
21.	Supports legislation allowing school bond issues to be passed by a simple majority vote and to permit the local school board to levy a combination of property taxes and income surtaxes to pay the indebtedness.	
22.	Supports sufficient state revenues to adequately fund public education as lowa's number one priority. IASB opposes erosion of the existing tax base. IASB supports a full accounting every two years by state government of the costs of all exemptions, credits or deductions for the income tax, sales tax or property tax.	
23.	Supports tax increment financing (TIF) limitation, reform and regulation. Reforms should increase accountability and transparency for local government entities utilizing TIF. School districts should have the ability to implement TIF for certain types of facility expenditures and must be an equal partner with cities when implementing new TIFs. In addition, we oppose residential TIFs unless the impacted school district(s) approve.	
24.	Opposes a constitutional amendment or statewide voter referendum that would limit taxes, spending or local control impacting education.

# Call for 2011 Legislative Action Priorities

### What Your Board Needs to Do

Spend the May, June, or July (or first week of August) board meetings analyzing, discussing and voting on your top legislative priorities for next year. This should give all school boards at least two meetings to identify their priorities for the 2011 General Session by doing one or more of the following:

- Attend the IASB District Meetings in June to help inform your board work in setting priorities and help IASB to chart future advocacy efforts (visit the IASB web site, <a href="www.ia-sb.org">www.ia-sb.org</a>, for more information);
- Pick no more than five priorities or approve the priorities from the 2010 platform, and/or;
- Suggest amendments to existing resolutions or recommend new resolutions;
- Identify resolutions that should be removed from the platform if they are no longer relevant or critical;
- Return up to five of your top legislative priorities or general approval to IASB by August 13th via the Internet at <a href="http://www.ia-sb.org/iasbform.aspx?ekfrm=7270">http://www.ia-sb.org/iasbform.aspx?ekfrm=7270</a> or fax the completed form back to Marte Brightman at (515) 247-7057.

### The Resolutions and Priorities Process

- The IASB Legislative Resolutions Committee (LRC), at its August meeting, will review the submitted resolutions, prioritize them and make recommendations to the IASB Board of Directors
- The IASB Board of Directors, at its September meeting, will vote to approve or modify the LRC recommendations and forward the report to the Delegate Assembly.
- The IASB Delegate Assembly will meet in Des Moines on November 17<sup>th</sup>. The Delegate Assembly is the official body that establishes the IASB Legislative Priorities, Resolutions and Beliefs.

### What is the Legislative Resolutions Committee?

The building of, and the strength of, the IASB legislative platform is based on member input. The Legislative Resolutions Committee is a 22 member committee comprised of K-12 board members, an AEA representative and an lowa Community College Board of Trustees member. The IASB President-elect presides over the LRC. Members of the IASB Board of Directors appoint an LRC committee member from their director district. The IASB president makes five at-large appointments. The AEAs and Iowa Association of Community College Trustees each appoint one member. The LRC is a cross-section of school boards from across Iowa, big and small, urban and rural.

Thank you for adding your voices to the IASB legislative grassroots process!

# Remember: IASB needs your top five resolutions by August 13th.

(Return form sent to board secretaries is available on the IASB web site <a href="http://www.ia-sb.org/iasbform.aspx?ekfrm=7270">http://www.ia-sb.org/iasbform.aspx?ekfrm=7270</a>).

Item 6.2.6 Request from the Essex Community School District for Shared High School Sports Programs

**BACKGROUND INFORMATION:** Enclosed is a letter from Ron Flynn, Superintendent from the Essex Community School District. He and his Board are requesting permission from the Red Oak CSD to discuss sharing of high school athletics with the 2011 - 2012 school year. Please see the letter for a greater explanation.

SUGGESTED BOARD ACTION:

# **ESSEX COMMUNITY SCHOOL DISTRICT**

111 Forbes Street, Essex, Iowa 51638 Telephone: Elem. 379°3114 High School: 379°3115; Fax: 379°3200; website: www.ehs-ees.com

Ron Flynn, Superintendent

Rob Brecht, Principal

July 6, 2010

Dear Red Oak CSD Board Members,

I am writing to seek your permission for Essex and South Page to discuss sharing high school athletics beginning with the 2011-2012 school year. Since the South Page and Essex school districts don't touch one another, we would need to get permission from the schools that either of us share a border with. Red Oak would fall into that category and that is why I am writing seeking your permission for Essex and South Page to consider sharing our high school sports programs.

It is possible that there may need to be some sharing arrangements as early as the 2010--2011 school year, but that would only happen if South Page doesn't have enough participants to offer a particular sport by themselves. They are concerned that they may not have enough girls willing to participate in volleyball and/or basketball for the coming year to field a team in those sports. Furthermore, South Page is also having difficulty finding qualified coaches for some of the sports they would normally offer. At this time they aren't sure if they will find anyone to coach either boys or girls basketball.

Essex and South Page might consider going together for track during the coming year simply because both schools have low numbers in that sport. I wouldn't think our combining in track would cause any scheduling difficulties for other schools, but we would still need permission of the contiguous districts in order to join together even in track.

I hope the Red Oak board will look favorably upon our request to allow Essex and South Page to share high school activities if we should decide that we would like to do so. Thank you for your consideration.

Sincerely,

Ron Flynn

Superintendent
