Seniors: Iowa law now requires all students to have two doses of Meningococcal (Meningitis) vaccine with at least one dose given after age 16 OR one dose given after age 16 if they have not received vaccine prior.

There will be NO grace period. Your child must have a completed Certificate of Immunization or previous exemption, with Meningitis listed BEFORE attending class this fall. They will not be allowed to attend school until provided. This can be hand delivered to school, public health or faxed to 712-623-6613.
